

### Welcome Students and Parents!

For over 30 years, our mission—"To promote co-operation, inspire confidence, and release the genius in every child"—has united educators, parents, and students toward one vision: creating future leaders with a global standard of education. Spirit of Math is challenging, requires effort, and it works! Success comes from the combined grit of students, consistent support from parents, and guidance from each campus. As part of this community, parents and students have access to tools designed to enrich the learning experience.

## Spirit of Math Community Membership Benefits

### FREE HOMEWORK HELP
